Evangelism & Church Planting

Westwood Baptist Church

in partnership with

E3 Partners

Westwood has decided to return to the city of Cajamarca for its fall church planting trip. The city was chosen by E3 as a strategic area where there had been no previous church-planting efforts by E3. We will be encouraging churches that were started last June as well as working in new areas of the city to continue the multiplying of churches there. Church leaders in Peru have a plan in place to begin church-planting movements all over the country and beyond.

Located in the Northern Highlands of Peru, Cajamarca (Ka-ha-mar'-ka) is known both for its hot baths supplied by natural hot springs and for the conquest of the Incan Indian Empire by Spanish Conquerer Francisco Pizarro in 1532.
